

PUBLIC STATEMENT

INTERNATIONAL SOLIDARITY FEMINIST FUNDS

#SOSNicaragua

All of the signatory organizations express our solidarity with the resistance of Nicaragua's women's movement and feminists, who together with the organized civil society, have faced state repression in the streets of this Central American nation for **over 90 days**.

According to the Nicaraguan Association for Human Rights ANPDH, state repression has led to date **MORE THAN 300 INDIVIDUALS ASSASSINATED**. In the last IACHR report are counted, 1,337 wounded, and 507 individuals detained. Our allies from the Inicitativa Mesoamericana de Defensoras IM-D report that there have been 389 attacks against 202 women human rights defenders.

We condemned this and **ALL forms of violence** that Ortega's regime has used against the movements that resist infringements against or setbacks in their rights, and we call on the international community to unite its voice in favor of justice and against repression.

From a distance we support the women and youth who are a clear example of our peoples' dignity. We are with you, and you can count on our energy and solidarity to continue in your resistance.

YOU ARE NOT ALONE!

In solidarity and sisterhood:
